PARKER GROWS IN STRENGTH

OPPOSITION FAILS TO MAKE IMPRESSION

Managers of New York Man Claim He Will Be Nominated on Second Ballot—Waning Influence of Bryan.

St. Louis, July 5.—Parker's strong position remains unshaken. The opposition has made many assaults during the day, but has apparently made no impression. The solid and substantial phalanx of the New York jurist has withstood all efforts of the friends of other candidates and to night is apparently stronger than ever. Assurances of accessions from instructed delegations after the first ballot have been received from men who are now tied to other candidates, which, the Parker adherents say, insures nomination by the second ballot. All day the anti-Parker men have tried to offer candidates who would unite a third of the delegates so as to have a rallying point when complimentary ballots have been cast for favorite sons.

The impossibility of uniting has been made manifest and the most zealous opponents of Parker concede his probable nomination not later than the second ballot.

The Parker opposition was disturbed but not routed by the action of Pennsylvania last night. The sixty-eight votes of that state have been for weeks placed in the Parker column and are a part of the seven hundred votes claimed for him. They were not instructed, however, and if they could have been secured for any other candidate it would have been a serious blow to the Parker interests. Criticism of Pennsylvania's action has been free and harsh among some anti-Parker men, but others say that a proposition made by one of the Pennsylvania leaders is quite fair. It is stated that after the action of the Pennsylvania delegation last night a member of the delegation held a conference with some of the anti-Parker leaders and said that Pennsylvania, notwithstanding the endorsement of Parker, would give sixty-eight votes to any eastern candidate, with the exception of Hearst, upon whom the opposition could concentrate with enough pledged votes, which, together with the sixty-eight votes of Pennsylvania, would make two votes more than one-third of the convention. Among the candidates named who would be satisfactory were Patterson, Gorman, Gray, Harmon, Olney and Coles. Upon this proposition some anti-Parker men have been working, but they have not been meeting with much success.

Cohesion of anti-Parker men is apparently impossible. Hearst cannot transfer his delegates and his supporters cannot promise instructed and pledged Hearst men for any man after Hearst is out of the running. Massachusetts will give no indication or pledge of her delegates beyond Olney. The same is true of Wall in Wisconsin, Harmon in Ohio and Cockrell in Missouri, although it is supposed that Missouri would go to Gorman should there be opportunity.

Upon slender threads of various kinds the Parker opposition has hung its hopes, while the Parker men have been moving forward with calm assurance to other matters connected with the convention.

Former Senator Smith of New Jersey, who has been holding his delegation in the leash while it was anxious to go to Parker, said Parker would be nominated unless disagreement over the platform should drive some state delegations from New York's candidate.

A story was current that Hill, flushed with the fruits of victory, would undertake to force upon the opposition a platform so radical that some of the southern delegations would break away from New York's candidate. But the illusion was dispelled. It was to night learned that Hill would not be chairman of the resolutions committee, but that John A. McMahon of Ohio or Senator Bailey of Texas would be chairman of the committee, and that Bailey had been selected to cross swords with Bryan in debate over the platform on the floor of the convention.

WANING OF BRYAN.

An interesting feature of the day's proceedings was the development of the waning influence of Bryan. The national committee selected four years ago by a convention following his unquestioned leadership to day turned away from him in settling the Illinois contest. Bryan had made the fight against Hopkins his own and the unanimous action of the committee indicated clearly that he no longer wields his one-time marvelous control. Many times during the past few days the suggestion has been made that Bryan would swing his strength to this or to that candidate, and Democrats who were anxious to organize a winning coalition investigated and found that outside of the Nebraska delegation the former candidate had no following save a few scattering delegates who were bound by the unit rule and instructions.

If it is expected that there will be a clash with Bryan over the platform, but that

document is expected to be a conservative utterance. Bryan is to be accorded a respectful hearing, but the dominant element in the convention, it is freely asserted, will not temporize or attempt to placate and conciliate him. Forces which will adopt the platform and name the candidate for president will also name the vice president and this element has allowed it to become known that no concession to the minority nor vote entangling expedient is to be adopted in choosing the nominee for second place. It is stated that some man who will add strength to the ticket in Illinois and Indiana is wanted for second place and if a satisfactory man can be found in either of these states he will undoubtedly have good support. The suggestion has been made that David S. Rose of Wisconsin might be selected, but that state refuses to have him considered for fear anything of the kind might be considered as disloyal to E. C. Wall as a presidential candidate.

MICHIGAN DELEGATES. The Michigan delegation failed to organize because of the absence of one or two of its members and it adjourned until tomorrow. The delegation is very evenly divided between Parker and Hearst but with all members present it is claimed that Parker will have a majority of two. The Parker forces are under the leadership of D. J. Campau. The Hearst men offered to compromise the situation by voting for Campau for president, but he declined. As the unit rule prevails in the delegation, Campau hopes to swing the entire vote to Parker.

NATIONAL COMMITTEE.

The national committee this afternoon held what in all probability will be its last meeting. Reports of sub-committees on contests in Illinois, Indiana, Pennsylvania, Maine, New Jersey, Ohio, South Dakota and the District of Columbia were heard and concurred in. Not one contest was successful. A majority of these will go before the credentials committee.

A resolution was adopted providing that delegates from the Philippines and Porto Rico be given each six seats in the convention, but no votes until their status is fixed by the convention.

A resolution was adopted commending the work of the retiring national chairman, James K. Jones, and other officials of the committee.

NEW YORK DELEGATES.

The meeting of the New York state delegation to day was very harmonious. David B. Hill was unanimously chosen member of the committee on resolutions and Senator Grady, Tammany, elected member of the committee on rules. A resolution offered by Bourke Cockran providing that in the opinion of this delegation the plain statement should be included in the platform that decision of the people on the money issue as twice exemplified in two elections should be final settlement of the financial question and of vital importance in the next general election was adopted by a vote of 50 to 25.

After adjournment Leader Murphy of Tammany Hall was asked if there was any truth in the statement Tammany had decided to withdraw opposition to Parker. He said:

"We have not announced any such decision, but those who have candidates other than Parker in the convention seem to be afraid to take the initiative in forcing their candidates to the front and I don't know why we should bother to assist them."

TAMMANY'S FIGHT.

Tammany pursued its fight in attempting to foster its favorite son campaign and to night were claiming 400 votes pledged against Parker. This number is more than the one-third which would prevent nomination. The Parker forces displayed no alarm at the report that votes were uniting in opposition to the New York candidate.

The making of the party platform will be one of the most interesting contests. The New York delegation is active in the platform question and the Bryan forces are equally alert. While it is unlikely that any effort will be made to reaffirm the Kansas City and Chicago money planks it is deemed improbable that an attempt will be made to declare for the gold standard.

A PLEA FOR PARKER.

Elliott Danforth, accompanied by a number of other New Yorkers, called upon the Nebraska delegation to night and presented a formal plea for support of Judge Parker. Danforth said that Parker had supported Bryan in both his campaigns and that he had been the second largest contributor to the campaign fund in New York. He also called attention to his own well known friendship for Bryan and made a personal appeal on these grounds. Bryan, who was present, responded to the latter point, saying that if Danforth were a candidate he would have his support.

This evening Bryan gave out a statement in which he declared that Parker had made no substantial gains; that the enthusiasm for him was due to the belief that he can carry New York and with the state the country, but that "this confidence is being overcome by the protests of the Democrats of that part of New York which is expected to furnish the Democratic votes." BBRyan also said: "The Illinois contest, while it was decided for the Hopkins ticket, was really a victory for the contestants, because it was decided on the question of jurisdiction and the contestants now have behind them the unanimous support which declares in effect that fraud was practiced in the convention. The contest will be renewed before the credentials committee."

FIRST BLOOD FOR HOPKINS

DELEGATES FAVORED BY NATIONAL COMMITTEE

Harrison and Hearst Men Secure Little Consolation in Contest—Hopkins Chosen Chairman of Delegation.

St. Louis, July 5.—The sub-committee of the national committee reported in favor of seating the Hopkins delegates in all Illinois contests.

The sub-committee reported to the national committee that it was the unanimous opinion of its members that the Hopkins delegates be allowed to retain their seats. The report was concurred in and the Hopkins people will hold their seats unless ousted by the action of the committee on credentials. The decision of the sub-committee was based on the ground that the state convention was supreme; that fights in district caucuses are not proper matter for adjudication by the national committee; that it is not the business of the national committee to go behind the records of the convention as submitted to them. The fight should be in the opinion of the committee have been made on the state convention before completion of the record of the convention.

This showed the Hopkins people are the regularly accredited delegates and sustained their contention that the national committee did not have a right to decide the contest.

The Harrison and Hearst men are greatly disheartened by their defeat, but announced their intention of carrying the fight before the committee on credentials and if beaten before the convention itself. This statement did not alarm the Hopkins people, who said argument that won for them before the national committee would hold good before the convention.

DELEGATION ORGANIZES.

Before the Illinois delegates met for their caucus this afternoon it was rumored that they were about to bolt Hearst instructions and come out for Parker on the first ballot. There was no foundation for the rumor and Chairman Kern declared that the delegates of Illinois would be faithful to all obligations imposed upon them by their state convention. John P. Hopkins was elected chairman of the delegation; Roger C. Sullivan, national committeeman; Ben T. Cable, member of the committee on resolutions. Andrew M. Lawrence, one of the active managers of the Hearst candidacy, was nominated for chairman of the delegation against John P. Hopkins, who is personally opposed to Hearst. Lawrence received eight votes, including that of Hopkins, while the latter received forty-six votes.

PERMANENT CHAIRMAN.

St. Louis, July 5.—The permanent chairman of the convention has not yet been decided upon. Champ Clark of Missouri and Patrick Collins of Boston are frequently mentioned and there is a growing sentiment in favor of making the temporary organization permanent.

MISSOURI DELEGATION.

The Missouri delegation to day elected Governor Dockery chairman and William A. Rothwell member of the national committee. It was decided that Champ Clark should nominate Senator Cockrell and the delegation vote for him as long as his name remains before the convention.

GAVE BONDS.

Chicago, July 5.—To prevent any possibility of a raid on Hawthorne track this afternoon by Sheriff Barrett forty-one bookmakers indicted by the grand jury for accepting wagers on races surrendered themselves at the sheriff's office to day and gave bonds of \$1,000 each for appearance when wanted for trial. The indicted bookmakers then left for Hawthorne, where they accepted bets this afternoon without molestation.

FATAL COLLISION.

Milwaukee, July 5.—A freight train and light engine collided on the Wisconsin Central to day, killing fireman John Keersch, of Marshfield, Wis., and injuring H. Putney of Fond du Lac, John Robinson of Fond du Lac, F. Walsh of Fond du Lac and G. W. Martin. Walsh may die.

NORTH SEA DISASTER

No News of Missing Boats of Steamer Norge—Touching Scenes at Copenhagen.

London, July 5.—The passing of another day with no news of the missing boats of the ill-fated steamer Norge lessens the hope that a few more out of the long list of victims might have been counted among the survivors. A search of neighboring waters will, however, be prosecuted until the last hope has gone.

The Danish government and the steamship company have sent out a steamship to search the seas for boats and will visit all islands within a possible radius. Those rescued at Grimby and Storoway, who have gone through a terrible experience, believe there is little ground for hope unless an outgoing vessel should have picked up on one more of the boats or unless the survivors have landed at St. Kilda and Flannan islands.

Copenhagen, July 5.—Touching scenes were witnessed again to day in the offices of the United States Steamship company. The wives of two of the emigrants lost on the Norge attempted to commit suicide by drowning, but were saved at the last moment.

HIS FAMILY LOST.

Superior, Wis., July 5.—Mrs. Henry Cornelissen and five children, coming from Norway to Superior to join her husband, were among those on board the Norge when she foundered. The husband has lived here five years and had just accumulated enough means to send for his family.

Dutch casualties included the commander, a lieutenant, two sergeants and thirteen soldiers. June 23 the Dutch troops attacked Langathars, where the Achinese losses were 64 killed, including 180 women and 120 children, and forty-nine wounded. Twenty-eight prisoners were taken. The Dutch losses were a captain, twenty-two soldiers and six coolies wounded.

A BAD WRECK ON C. P. & ST. L.

TRAIN BLOWN FROM THE TRACK

Struck by Tornado North of Petersburg -- Baggageman Wilej Killed and a Number Injured in the Wreck.

Petersburg, Ill., July 5.—An accommodation train on the Chicago, Peoria & St. Louis railroad was blown from the track at Oakford, Ill., twelve miles north of Petersburg, this evening and one person killed and a number injured. The train consisted of two coaches, baggage car and engine and all but the engine were hurled from the track down a seven-foot embankment, turning over twice in the descent and landing in a splintered mass of debris.

The accident occurred near a bridge over the Sangamon river. The work of relief began immediately, as owing to the remarkable escape of nearly all the passengers aboard, those injured and pinned in the debris were speedily rescued and at once given attention. Relief trains were hurried from Springfield and Havana and the seriously injured were taken to hospitals.

The engineer, who escaped injury, said he watched the gathering storm closely as his train sped along, as he feared from the appearance of the clouds that a tornado might result. As the train approached Oakford the clouds suddenly seemed to concentrate and drop, apparently coming directly toward the train. Realizing that the train would encounter the tornado if it proceeded the engineer shut off steam and stopped. The approaching tornado when about a mile away suddenly swerved toward the north and the train was directly in its path. Instantly the engineer opened the throttle in a wild endeavor to rush beyond the zone of danger, and again the tornado swerved and headed directly for the flying train. The roar was heard plainly above the rattle of the train. Steam was crowded on and like a rocket the train, jumping and pounding on the rails, dashed ahead in an endeavor to cross before the tornado and pass in safety. Suddenly with a crash that was heard above the roar of the tornado the train was struck broadside, the coaches torn from the engine and lifted into the air and hurled from the embankment into a ditch seven feet below after turning a complete somersault in the descent. The engine alone remained upon the rails.

The engineer and fireman hurried back to the wreck and began pulling out the passengers. Those uninjured immediately assisted and within a remarkably short time the dead baggageman, Thomas Wilej, and the injured passengers were taken from the debris. The engine was then run to Petersburg, where a relief train was made up and bearing physicians hurried back to the scene. The wrecked car took fire, but the flames were extinguished before any headway had been made. General Manager Gridley, who suffered a broken arm, remained on the spot and directed the relief work, as did Conductor Coleman, of Springfield, who was cut about the head and face.

POPULISTS NOMINEES

Watson and Tibbets Chosen to Head Their National Ticket.

Springfield, July 5.—Thomas E. Watson of Georgia for president, Thomas H. Tibbets of Nebraska for vice president, was the ticket nominated to day by the Populist national convention. The names of William V. Allen and Samuel W. Williams of Indiana were placed before the convention for president, but before the roll call was completed their names were withdrawn and Watson nominated by acclamation.

There were five nominations for vice president—Thomas H. Tibbets, Nebraska; Theodore H. Ryder, Pennsylvania; L. H. Vetter, Iowa; George P. Washburn, Massachusetts, and Samuel W. Williams, Indiana. The two latter declined and Tibbets practically received all the votes on the first ballot and was nominated by acclamation.

Owing to the almost continual wrangle among the delegates over nearly every question that came up for discussion it required the entire day to adopt the short platform and nominate the ticket and the convention did not adjourn until 7 o'clock this evening.

After the convention adjourned the national committee elected James H. Farris, of Joliet, Ill., chairman and Charles Q. DeFrance, Lincoln, Neb., secretary. The committee also appointed members of the national committee for states not represented at the convention.

THE PLATFORM.

The platform adopted by the Populist party national convention reaffirms the party's three previous platforms and declares that the government alone has the power to issue money, and demands that the government shall issue money "in such quantities as shall maintain stability in prices"; demands the establishment of postal savings banks; favors the abolition of child labor, suppression of convict labor in competition with free labor and the exclusion of foreign pauper labor; favors the eight-hour work day; favors initiative and referendum; prohibition of alien ownership of land; denounces government by injunction and imprisonment and without trial by jury; favors government ownership of railroads, telephones and telegraph; favors parcels post; demands that special privileges enjoyed by trusts and monopolies be withdrawn, corporations be made subject to government regulation and control, and demands "taxation of monopoly privileges, while they remain in private hands, to the extent of the value of privileges granted"; demands the enactment by congress of a "general law uniformly regulating the power and duties of all incorporated companies doing interstate business." The plank on labor is:

"We believe in the right of labor to organize for the benefit and protection of those who toil and pledge the efforts of the People's party to preserve this right inviolate. Capital is organized and has no right to deny to labor the privilege which it claims for itself. We feel that intelligent organization of labor is essential, that it raises the standard of workmanship, promotes the efficiency, intelligence and character of the wage earner. We believe with Abraham Lincoln that labor is prior to capital and not its slave, but its companion, and we plead for that broad spirit of toleration and justice which will promote industrial peace through the observance of the principles of voluntary arbitration."

The Russians left thirty dead and fifty wounded on the field. The Japanese lost fifteen killed and thirty wounded. The Russians have abandoned Tsinzhanquan, burying their supplies.

RUSSIAN REPORT.

St. Petersburg, July 5.—General Sakharoff, reporting an engagement July 4, says that ten companies under Colonel Letschitsky were sent in the direction of Ekharven. To insure Letschitsky's return three companies under Colonel Garmitsky marched to Mahoumiza, a mile and a half south of Ekharven, to the crossing of the roads leading to Shik Khl and Lok river passes.

At the cross roads Garmitsky dislodged a company of the enemy's advance guard, which was almost annihilated. Simultaneously Letschitsky's column dislodged the enemy's advance posts without firing a shot and approached the foot of the heights. Although exposed to heavy fire our troops dashed forward and dislodged the Japanese from their entrenchments and occupied the pass. As the enemy was preparing to deliver a frontal and flank attack our column retired. Three companies of Garmitsky's force occupied the position they had been ordered to secure when Letschitsky's force began to withdraw and the enemy opened a heavy fire from the heights. In spite of this the column retired in perfect order.

Our casualties were Letschitsky, Colonel Dospelov, Lieutenant Colonel Trakhemovsky and several other officers wounded and 200 soldiers killed or wounded.

CELEBRATIONS ELSEWHERE

Nation's Birthday Is Celebrated on Grand Scale at Waverly and Meredosha.

WAVERLY.

One of the grandest celebrations in the history of Waverly was celebrated under most successful auspices Monday. An efficient committee had looked carefully to the arrangements and every part of the day's program moved off smoothly and in good order. The best of order prevailed throughout the day and the crowd, which was tremendous, was good natured and entered heartily into the spirit of the occasion.

The general committee was composed of Mayor W. T. Cox, chairman; George Bradford, E. B. Wild, J. H. Rankin, E. K. Blair, W. L. Ashbaugh and A. L. Mencham. The program was of the usual Fourth of July order, consisting of athletic events, baby show, horse show and patriotic addresses. Rev. C. C. Block, of Carrollton, was the orator of the day and he delivered a splendid address.

The celebration was held in the park, which is in the square, and merry-go-rounds and shows of infinite variety were on hand to entertain and furnish fun for the visitor and sightseer. Few accidents to mar the pleasure of the day were reported and the program closed with a monster pyrotechnic display in the evening.

Charles Glover, of this city, was one of the prize winners in the high school gaited class in the horse show.

MEREDOSH.

Meredosh held a most successful observance of the nation's birthday and an interesting program made the day a lively one and filled with a variety of entertainment from early morning until late at night. Athletic sports, patriotic addresses by H. M. Ticknor and Robert Tilton of this city and Rev. Mr. Linder, singing of patriotic songs, reading of the declaration of independence, yacht race and a grand pyrotechnic display in the evening brought to a close one of the best celebrations that have been held in the river city for several years.

The yacht race was a novelty and proved a great success. There were four yachts entered and the course was a mile in length.

EBENEZER.

Under the auspices of the Epworth league of Ebenezer church a most successful Fourth of July celebration was held at the home of Charles Patterson, northwest of the city.

The program consisted in a shooting contest, literary exercises, and Fourth of July oration delivered by Rev. C. F. Tucker, pastor of the church.

A feature of the day's events was the tug-of-war between teams composed of the married men and single men. The rope was stretched across a small body of water and the single men were pulled into the water and suffered an ignominious defeat in this test of strength. A picnic luncheon was enjoyed at noon and the occasion was enjoyed by about two hundred persons.

THE EFFECT OF FAST TIME.

One result of the placing in service of the Twentieth Century Limited, the New York Central's twenty-hour train between New York and Chicago, is to bring not only Chicago but the entire west practically 200 miles nearer New York. For instance, a man can leave St. Paul or Minneapolis Monday evening and by taking the Twentieth Century Limited from Chicago be in New York Wednesday morning; thirty-six hours from home. Or, if he is in Colorado, he can leave Denver Saturday night, have several hours' layover in Chicago Monday morning, and, taking the Twentieth Century Limited, be in New York at 9:30 Tuesday morning—From the Brooklyn Standard Union.

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.

Harry Perry will go to Beardstown this morning in the interests of the J. W. Woods Horse and Mule Co.

PATENT MEDICINES.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Alcott.

Here is another letter, this one from Mrs. George B. Stone, 80 Jacques Ave., Worcester, Mass., which speaks eloquently of this wonderful remedy:

"I have been troubled since childhood with stomach trouble. I have never known what it was to feel comfortable. I have tried many patent medicines, almost everything that I heard of, and none of them seemed to help me. I was much distressed with belching. My food would rise in my throat and I had headaches that would make me almost crazy. I wrote this that I was almost discouraged. Then I heard of Rexall Dyspepsia Tablets and now I am well and my stomach troubles have vanished and I can eat whatever I choose without fear."

Our proposition is not merely to sell you dyspepsia tablets, but to sell you a cure for your dyspepsia and indigestion. If Rexall Dyspepsia Tablets do not effect this cure, we give you back your money. That shows how much confidence we have in this new remedy. Price 25 cents per large package. Sold only at our store or by mail.

"OH, HOW MY HEAD ACHED!"

"Day After Day I Was Nearly Frantic—and Now I Am Cured."

"Oh, how my head ached for days and days and nights and nights until I thought I would lose my mind. Always from the same cause—sick stomach."

"I took medicine after medicine, but they all made me sicker soon as they reached my mouth. I was so thin that my clothes didn't fit me, and I tell you I was thoroughly alarmed."

"Then I read of Rexall Dyspepsia Tablets, and asked father to get me a box. I did not mind taking them—just a little tablet, and so easy to swallow. I have taken two boxes, and now I haven't had a headache for five weeks. I have gained several pounds of flesh, and I think I will soon weigh more than I ever did."

This is the experience of thousands of women. Insufficient exercise and improper eating bring about stomach troubles, and headaches and general nervous breakdown follow.

Rexall Dyspepsia Tablets bring sure, pleasant relief to suffering womanhood.

It is Not Always June

The man who said "In time of peace prepare for war" was a shrewd business manager. No better time in the whole year than to day to fill your bin with "Ideal" coal. These hot, sweltering days are reminders of the zero weather that's due here later on—and, confidentially, Ideal coal is a mighty good investment at present prices. While we ourselves might quite naturally be prejudiced about Ideal coal, we don't ask you to trust our judgment. The hundreds who have used it in Jacksonville, and will now see no other, declare it to be the hottest, purest, most dependable softcoal that ever left the mine. We guarantee it. We know it will suit you to perfection. We know you'll thank your stars next winter for having filled your bin right now. 11c per bushel or \$2.75 per ton cash for July delivery. Let us have your order today.

Just returned from renting. They have been coming in and going out again so rapidly for the past two weeks that we really have not had time to mention it. But there are some excellent ones left. MR. BRYAN'S VALUABLE WORK

A ridiculous melodrama is now being enacted in the democratic party. W. J. Bryan, "the prophet of the Platte" is the star actor and he is doing a first class stunt. The trouble seems to hinge on the fact that Mr. Bryan does not like the way the democratic party is being handled by Grover Cleveland and his old followers. The vengeful Nebraska seems to fear that he will be pushed so far into the rear that he will die of old age before he can reach the head of the procession. He has outlined just what real democracy consists of, and it appears that Cleveland, Hill, Parker, Gorman and others fall short of the Bryan requirements. On the other hand the anti-Bryanites claim that it is necessary to desecrate the Nebraska as leader in order to save the democratic party from disintegration. There is probably something to this, but some republican doctors are of the opinion that the remedy was applied to late. Before the party ever again gets strong with the people the cancerous formations of free silver, free trade and a lot of other general cussedness will have to be burned out with caustics. Bryan's fight is for his political life and its attending emoluments. He thinks he sees something going a glimmering and is appealing to his former friends to flag the train before it tries to cross a stream where there was formerly a bridge.

The result of all this political play is that the democratic party is an amalgamation of conflicting elements a band of discords, a leaderless conglomeration of fellows who want the other chaps to eat the husks. To an outsider who belong to a party where there is harmony and where bushwhackers are not on the flanks and rear, the condition of the democratic party is decidedly amusing. It is nothing short of encouraging to the republican, which believes in good government and general prosperity to observe what the democrats are doing to aid the party of progress. As a disturber Mr. Bryan is a dandy, and should receive a vote of thanks from the people for making democratic success impossible.

NEW WABASH DEPOT

Plans for Freight Structure Have Been Prepared—Will Extend From North Main to North Sandy Street.

Plans for the proposed new Wabash freight depot have been prepared and give evidence that the road intends to build a commodious, convenient and modern structure. It is to be hoped that it will be constructed as soon as possible, as the need for it is pressing.

It is proposed to build the structure just south of the present building, on the property of the Wabash road which is now used as part of Lafayette avenue. It will be 185 feet long, extending from North Main street to North Sandy street. On Main street it will be flush with the walk, while on the Sandy street end will be a sloping platform. On the south will be a paved area for vehicles, which will be loaded directly from the building. On the north will be a concrete platform, a continuation of the concrete floor of the building. On this side will be the track, and between this and the main track will be a paved space, so that wagons may be loaded directly from the cars.

The structure will be built of brick on a masonry foundation, with a self supporting gravelled roof. It will measure 30 feet wide inside, by 33 feet high. On each side will be ten wide doorways, with rolling steel doors. There will be in the freight room two pairs of large scales.

The east end of the building will contain a general office, a private office, toilet room, hall and record room. These will be fitted up in strictly modern fashion. One of the most satisfactory features of the proposed improvements is the paving of the ground adjacent to the building. This will not only be a great convenience to the teamsters but will add materially to the appearance of the vicinity.

NATION'S BIRTHDAY

THE FOURTH MARKED BY A GRAND CELEBRATION

Elaborate Program Successfully Carried Out—Noise and Din Unsurpassed—Immense Crowd—Few Accidents Reported.

Noisy and boisterous, yet remarkably free from serious accidents, the Fourth of July celebration of 1904 will go down in history as a most successful affair. The committee on general arrangements and all the sub-committees worked enthusiastically and with a will and to their untiring efforts the success of the day is largely due.

The trains brought a large number of visitors from surrounding towns and it seemed to be the general opinion of the merchants that the day put a considerable sum of money in circulation. One merchant in particular said that he would gladly contribute four times as much for a celebration next year.

Weather conditions while not all that could be desired did not in any way interfere with the program of the day or evening, and the athletic events, the balloon ascensions, the baby show, the horse show, the band concert, the vaudeville, the free dance and the pyrotechnic display furnished a variety of entertainment that suited the tastes of all.

As has been said, it was the noisiest Fourth in the history of the city. One hardware dealer sold a hundred thousand blank cartridges and then had to close his store at 5 o'clock because he had exhausted his supply. Many of the firms sold out all their pistols before noon and the day was a record breaker in the consumption of explosives of every kind and description.

Great praise is due the merchants. No body of men ever got down to work better or did the work more thoroughly than for this day. Mayor Davis, to begin with, gave the committee a free hand and put no obstacles in their way for a rousing good time. The police force and the specials, given freely by the administration, did their work so well that very few disturbances of any kind were heard of and it was not necessary to make hardly any arrests. The most laughable show on the square was the baby show in the pagoda. Messrs. VanAnglen, Tomlinson and Frank had this in hand and if they were surprised at what they had to contend with they did not show it, but went ahead and did the work well. No body of men ever had a more difficult thing to handle. Over fifty babies crowded their happy welcome to the judges and showed that they were loyal Americans. Among most meetings of the kind every baby in the class would have been prize winner and it took a man with an iron nerve to make the decision in the case. All they could do was to shut their eyes and grab a baby and say there was the prize winner.

The Olympian games on the north side of the square attracted quite a good deal of attention and gave the people a fine exhibition of athletic sport. This part of the program was entirely in the hands of Prof. J. H. Rayhill, whose assistants were Dr. Burkholder and John Sybrant. Officer James Trahy had charge of the course and kept the anxious crowd at bay. The games were hotly contested from start to finish. It was a race in every event and every one seemed to enter into the enthusiasm of the occasion.

Great credit is due Prof. Rayhill for the three weeks hard work he has put on the event and the success of his part of the day should certainly repay him for it. Messrs. W. C. Howe and Dan Sweeney, with assistants, had full charge of the fireworks and the crowd showed their hearty appreciation.

BALLOON ASCENSIONS.
Professor Hunt made two very successful ascensions. The one in the morning was said by many to be one of the best ever seen in this city. The attraction came off at 11 o'clock, instead of at 12 o'clock as advertised.

In the afternoon the ascension was made at about 2:30, in order that the aeronaut might reach Chandlerville in time for an ascension there. The balloon arose in good form and drifted toward the east, the descent being made east of the junction. In alighting the professor injured his left foot. It did not hinder his ascension in Chandlerville, but compelled him to go on crutches yesterday. He returned to Springfield Tuesday afternoon.

BABY SHOW.

One of the features of the celebration that attracted attention was the baby show. Many justly proud parents gathered Monday afternoon at the pagoda to exhibit their charges, there being forty-eight babies in the contest. The decisions must necessarily be close and the judges—E. C. Scott, Mrs. Jackson and A. Taylor, of Sinclair—had a difficult task in choosing the winner. The show was no doubt the most interesting ever held in Morgan county.

Ethel Ryan, 8 months, was awarded the first prize of \$3 and Eugene Hearle, 12 months, second prize of \$2. For the boys, Charles Manley, 5 1/2 months, was given first and David Radford Metz, 10 months, second.

The following were entered: Paul Lidener, Ethel Spaulding, Elmer Crabtree, Carl Hagen, Roy DeMills, Marguerite Morgan, Charles Manley, Harvey Smith, Virgie Ham, Charlotte Ifull, Charles Edward Ball, Kenneth Garland, William and Ida Elizabeth Clinton, twins, Roy Stout, Garrett W. ACCIDENTS WERE FEW

The Day We Celebrate Was Unusually Free From Serious Injuries.

There were the usual number of minor accidents on the Fourth and a dozen or more injuries were treated at the various drug stores. Three-fourths of these cases were the result of misuse or careless use of the blank cartridge pistol which is undoubtedly responsible for more accidents than any other of the various instruments used in the Fourth of July celebration.

Leslie (Fraud) Leach was handling a giant firecracker at the home of Watson Leck and holding it too long after it had been ignited it went off, badly using up the thumb and first two fingers of the his right hand. Dr. C. E. Black gave the necessary surgical attention and the patient is getting along as well as could be expected.

Howard Jameson on South East street had his face badly burned with powder. Dr. C. C. Cochran was called and removed the powder as far as possible and the wounds did not prove serious.

Watson Leck was among the unfortunate Monday. While watching the fireworks in the evening he was struck in the head by a falling rocket, a painful bruise resulting.

Russell Bento, son of Mr. and Mrs. Thomas Bento, met with a painful accident on the north side of the square Monday afternoon at 4 o'clock. He was trampled upon by a horse and barely escaped fatal injury. He was badly bruised about the limbs, but his physician does not apprehend any serious consequences.

Fred Doht was among the injured on Fourth of July. He was shot in the left fore finger with a toy pistol, making a painful and serious wound. Dr. P. C. Thompson attended the member.

The grandson of Fred Goodey had his fore finger burnt with a blank cartridge pistol Monday, but the injury was not of a serious nature.

JUSTICE COURTS.

In "Squire Arene" court the following were fined \$3 and costs for being drunk: Dennis Kennedy, Phil Connelly, William Covey, Artie Saunders, Jacob Fuls, George Glover, John Brown, Walter Yeck, James Hennessy, Michael Walsh, G. E. Ruggles, Michael Holly and Harry Large. Ernest Wells was assessed \$6 and costs for being drunk and resisting an officer. Joe Wilson was fined \$10 and costs for disturbing the peace, carrying concealed weapons and being drunk.

In "Squire Reid's" court on complaint of William Ellicock, Joseph Wilson was held in bonds of \$100 to keep the peace. The complaint was that he had threatened the life of the witness.

CATTLE KILLED.
Two splendid cattle were killed Monday evening about 7 o'clock by a Wabash freight just west of Whitner's brick yards. They were the property of Gen. R. H. Gieson.

GASOLINE STOVE CAUSES DEATH

Mrs. Ida Taggart of West North Street Meets With Awful Fate Monday—Dress Caught Fire and She Lived But Few Hours

Mrs. Ida L. Taggart met a horrible death Monday through the act of her grandson, a feeble-minded boy, on a vacation from the asylum for the feeble-minded at Lincoln. The accident occurred at about 12:30 in the afternoon, and the unfortunate woman lingered through the day, but her injuries were of such a terrible nature as to cause death at 6:05 o'clock in the evening.

Mrs. Taggart was an aged lady, living at 342 North West street. While she was preparing dinner Monday on a gasoline stove her half-witted grandson, Carl Mede, removed the cap from the gasoline reservoir and dropped into it a lighted match. Mrs. Taggart attempted to put out the resulting flames with her apron, which caught fire, and her other clothing becoming involved, she lost her presence of mind and ran into the street, falling by the curbing.

Neighbors came to the assistance of the poor woman and succeeded in smothering the flames, but not until they had done their deadly work. The fire department was called, but was turned back when it was found that its services were not needed. Mrs. Bowe, Campbell, Thompson, King and Doller were summoned and dressed the injuries, after which she was removed in an ambulance to Our Savior's hospital, where death occurred at 6:05 o'clock.

Coroner Reynolds impounded a jury Tuesday morning to inquire into the cause of the death. The inquest was held at Anderson's undertaking parlors at 9 o'clock.

Mrs. M. H. Howard, who lives across the street from the home of the deceased, testified that she saw Mrs. Taggart running around the house, her hands thrown up. She went over to the house and found it ablaze. Carl Mede broke open the door and said that he had taken off the cap and dropped a match into the reservoir to see it blaze. His grandmother had tried to cover the blaze with her apron, had caught fire and run out at the door.

Annie Stewart, who lives next door to the house, testified that she was at home at about noon and that Lena Doogen was there. Mrs. Doogen told her son that Mrs. Taggart was on fire, but he said no, it was just the gasoline stove. Mrs. Doogen said the woman was afire and that she saw her run from the house. I ran out and helped put out the fire. She asked me if I was going to let her burn up. I stayed with her until the doctor came.

The jury returned the verdict that Mrs. Ida Taggart came to her death from burns resulting from the explosion of a gasoline stove.

THE FUNERAL.

Mrs. Ida Taggart was born in Springfield, Ohio, seventy-four years ago. Her maiden name was Ida Louette Perry, and she was married in 1861 to George Taggart, who died in 1870 at Williamsburg, Ill. Two daughters have also gone before. She lived for many years in this state, having come to Springfield, Ill. from Springfield, Ohio, in 1847, and to this city in 1868. She is survived by three brothers, Louis Perry, of Wyoming; Charles Perry, of California, and Henry Perry, of Jacksonville; and two nephews, C. B. Perry, of Springfield, and Harry Perry, of Jacksonville.

Funeral services were held at the residence Tuesday afternoon at 3 o'clock in charge of Rev. W. F. Short. A choir composed of Miss Emma Wharton, Mrs. Wallace Brockmann, Herbert Henderson and Frank Plouer sang appropriate hymns. After the services the remains were taken to Jacksonville cemetery and were there laid to rest. The bearers were John Ogle, F. E. Steer, R. L. Gonsalves, Robert Howard, P. M. Miller and C. B. Perry.

AFTERNOON PARTY.

Miss Marie Waller and Mrs. H. D. Atkins were hostesses at an afternoon company given Tuesday afternoon at the home of Miss Waller on Superior avenue in honor of Miss Ida Heimlich, who has recently returned from Colorado. Each one of the guests were given a piece of work and the person who came the nearest to completing the article was awarded a prize. The company was a most enjoyable affair in every particular and the afternoon was one of great pleasure. Delicate refreshments were served.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowing-out of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills the dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Piles Can Be Cured

By Internal Treatment

Without the Aid of Narcotics or the Knife

You who suffer with piles know what a gloomy doom it would be to go to the absolutely and painlessly cured. You know from actual experience that salves, ointments and other local applications do not cure. You may get relief, but you keep on suffering.

There is a cause for every human ill. Remove the cause and you cure the complaint. Piles have two distinct causes: First, congestion of the liver; second, constipation resulting from poor digestion.

Dr. Perrin's Pile Specific

The Internal Remedy

absolutely removes these causes by increasing the flow of digestive juices in the stomach, and relieving the congestion of the liver.

It is a tonic for the entire bowel system and helps each particular member of this system to work easily and naturally.

You simply take a teaspoonful of this positive, internal remedy three times a day before each meal. It is pleasant to the taste and absolutely free from opium, cocaine or other narcotics. It is not a palliative or temporary remedy; it produces a positive, radical and lasting cure.

Dr. Perrin's Pile Specific is sold under an

Absolute Guarantee

to cure any case of piles, bleeding, itching or internal piles, no matter how chronic or aggravated it may be. Out of over 10,000 cases there are only three or four in which a positive cure has not been made.

Dr. Perrin's Pile Specific can be procured of any reliable druggist under an iron-clad agreement to refund your money should you take two \$1.00 bottles of the remedy without receiving positive benefit.

ATTACKED WITH AN AX HANDLE

Clyde Dodsworth Struck Over Head Monday Afternoon—Harris, His Assailant Lives Near Franklin.

Clyde Dodsworth, of Franklin, was struck on the head with an ax handle wielded by Mr. Harris, of near Franklin, Monday afternoon about 4 o'clock. The blow was struck near Smith's barber shop on East Morgan street and Dodsworth's head was split open in two places with long cuts on each side. Blood gushed from the ugly wounds made and a carriage was summoned and the injured man taken to Our Savior's hospital. Harris immediately left after striking Dodsworth and was not seen afterwards.

Dr. Bovo was summoned and examined the injuries of Dodsworth and found it necessary to take a dozen or more stitches. Tuesday morning the patient was resting as comfortably as could be expected and no serious consequences are anticipated.

Harris is a man about 40 years of age and Dodsworth is about 22. No words were exchanged between the parties and no one seems to know the cause of the occurrence.

ILLINOIS VALLEY FAIR

Griggsville, Ill., August 2, 3, 4, and 5, 1904.

SPECIAL ANNOUNCEMENT.

It is a pleasure of the managers and directors of the Illinois Valley Fair association to thank in advance the friends and patrons of the association for the hearty co-operation given us in the development of what portends to be a grand and successful fair.

The people may arrange to visit the fair this year with every assurance that all that is possible will be done for their convenience, entertainment and pleasure. To accomplish this purpose, attractions that are classic, refined and meritorious have been secured, and it will be the endeavor of the management to exclude all that is undesirable or offensive.

The association pays special attention to its premium list in all its various departments. In the premiums for agricultural products every farmer in this section can find something attractive. In what is familiarly known as the ladies' department, comprising household fabrics, pantry and dairy supplies, ladies' handwork, fine arts and painting, every lady in this vicinity may easily find some premium for which it is desirable to compete.

Everyone is cordially invited to contribute a specimen of his or her products, skill and ingenuity, so as to make our annual reunions at the fair an epitome of our accomplishments and advancements in agriculture, manufacturing and art.

With an era of unprecedented progress upon us, with the gates of opportunity wide open before us, with all hands busy taking advantage of the opportunities, we await with most pleasant anticipations our meeting with you and your co-operation with us at the greatest of all fairs—the fair of 1904.

Write to the secretary for premium lists, etc.

DROWNED IN ILLINOIS RIVER

EDW. CINCIBEAUX MEETS DEATH IN PEORIA

Was on Barge Pearl—His Wife Received Sad News While Visiting at the Home of Her Parents in This City.

Edward Cincibeaux, of Peoria, was drowned in the Illinois river about 3 o'clock Tuesday afternoon. He was on board the barge Pearl, which was waiting for the approach of the steamer City of Peoria, to which it was to be attached. Mr. Cincibeaux walked outside the rail and reached for the hawser to make the attachment. He reached for the post nearby, but missed his hold and caught a picket in the rail and was precipitated into the water. The current at this point is very swift and although two men jumped in after him he went down before they could be of any assistance after rising to the surface three times. His body was recovered, however, in fifteen minutes and the utmost endeavor was made to restore life. A physician was summoned, but all effort was to no avail.

Mr. Cincibeaux was well known in this city, where he was married to the only daughter of Mr. and Mrs. J. C. Kackman several years ago. Mrs. Cincibeaux was visiting at the home of her mother on North East street when the sad news of her husband's death was brought to her. She received the news in time to take the evening C. & A. train for Peoria and was accompanied by Undertaker F. M. Conrad. The remains will probably be brought to this city for interment.

Mr. Cincibeaux was quite well known in central Illinois and the news of his untimely death will cause sadness to many. He was born in Springfield about thirty-five years ago and was raised by an uncle, his parents having died in his early childhood.

He resided in Springfield until six or eight years ago, when he removed to Peoria, where he was a reporter on the old Peoria Evening Times. When this paper was absorbed by the Transcript he returned to Springfield, but later returned to Peoria, where he entered the employ of the Iowa Central railroad as advertising agent. Later he again took up newspaper work and was appointed to the responsible position of city editor of the Peoria Star. This position he resigned only a few weeks ago to become advertising agent for the Sively Steamboat company and while in their employ met death.

His wife will have the deep and sincere sympathy of a wide circle of friends in her sad affliction.

DEATH RECORD

DALBEY.

Entered into rest at midnight, Sunday, July 3, 1904, Fannie Dayton Dalbey, at her home in Cedar Rapids, Iowa. So suddenly and unexpectedly came the summons that her family and the friends without number are stunned and unable to realize that so sweet and beautiful a soul has gone from our midst.

She had been seriously ill for two weeks, but was apparently better, until Sunday afternoon, when a hemorrhage of the bowels was so severe that all hope of recovery was gone, and though conscious until almost the last moment, she sank gradually away until at midnight her soul took its flight to heaven.

Fannie Belle Dayton was born Sept. 29, 1866, in this city and grew to womanhood here. She was educated in the public schools, graduating from the high school in the class of '84. She was one of Jackson's fairest and sweetest of daughters. Of great strength of character, but with the gentlest and most beautiful nature, she endeared herself to all who knew her and her friends were without number.

Oct. 31, 1889, she was married to Dr. James Dalbey, a graduate of Illinois college, and a physician in Cedar Rapids, Ia., which was from that time her home. This happy union was blessed with three sons, Dayton, Harry and Allan, to whom she was always the wisest, most loving and tender of mothers. Besides these and her husband she leaves to mourn her going her mother, Mrs. John Gordon, and brothers, Frank L. Dayton, of Kansas City, Mo., and Harry C. Gordon, of St. Louis, Mo., and one sister, Mrs. Fred Jacobs, of St. Louis.

During her residence here she was a member of State Street Presbyterian church and in Cedar Rapids she was quite an active member of the Presbyterian church. From every life she touched or came in contact with she will be missed. To have known so noble a soul is proof indeed that death does not end all, but in some brighter world she happily awaits those who will follow her hereafter.

The body arrived in this city yesterday afternoon, accompanied by Dr. Dalbey, his three boys and Frank L. Dayton.

The funeral will be held this afternoon at 3 o'clock from the home of Mrs. John Gordon on West College avenue. In accordance with Mrs. Dalbey's wish the services will be simple and brief.

of several years.

Her maiden name was Annie Ealy, and she was born in Clay county, Indiana, May 19, 1863. POLICE NEWS.

John Caldwell was arrested for highway robbery Monday by Captain Kennedy and Policeman Trahey. John C. Browner was his victim and the hold up occurred in Russell's lumber yard Monday afternoon between 2 and 3 o'clock. Caldwell threw his arms around Browner and then dazed him with a blow. He then proceeded to go through his pockets and secured \$29. Browner at once notified the police and Caldwell was arrested a few minutes later on Lafayette avenue.

John Sprague was arrested by Captain Kennedy for burglary and larceny. It seems that Sprague effected an entrance in the Chinese laundry kept by Joe Long on East State street and secured a gold watch, \$40 in money and a pair of trousers. Later Sprague was arrested and all of the stolen property recovered.

Edward Haley was arrested by Captain Kennedy and Policeman Brainer for disturbing the peace.

D. Berry was arrested for larceny by Policeman Murgatroyd.
